ADVENTURE SPORTS

Honda NXR 750 Paris-Dakar

The NXR750 dominated the Paris-Dakar Rally from 1986 to 1989, winning the trophy 4 years in a row. Back then, the 22 day race started in Paris and ended in Dakar/Senegal crossing nearly 15.000km of African desert. Gilles Lalay won the 1989 Paris-Dakar Rally on this motorcycle with its distinct Rothmans design.

LUGGAGE

42L ALUMINIUM TOP BOX

08ESY-MKS-LGALU

Made of strong and light Aluminium, this 42 Litre top box can store one full face helmet and comes with a backrest and the Honda 1-Key System. Designed to be installed directly onto the rear carrier of the Africa Twin.

ALUMINIUM PANNIERS

08ESY-MKS-PNALU

Made of strong and light aluminium, this set includes two panniers offering a capacity of 33 litres on the right side and 37 litres on the left. Includes an Aluminium stay, the Honda 1-Key System and designed to fit directly to the rear carrier of the Africa Twin.

58L PLASTIC TOP BOX

08ESY-MKS-LGPL

With a large capacity of 58 litres, this plastic top box can store up to two full-face helmets and its special lock allows the top box to be operated using the main ignition key. It comes with a pillion backrest and the base to fit directly onto the rear carrier of the Africa Twin. Also available with specific Africa Twin Graphics. (See design section on Page 14)

PLASTIC PANNIERS

08L71-MKS-E00

Specifically designed for simple installation, this set of 2 panniers are suitable for adventure touring thanks to their highly durable shell. The right-side pannier has a capacity of 30 litres with a 40 litre capacity on the left side. Both panniers are equipped with a security lock and the Honda 1-Key System. Maximum load capacity per pannier: 6 kg
Also available with specific Africa Twin Graphics. (See design section on Page 14).

38L TOP BOX PACK

08ESY-MKS-LG35

38L Top Box suitable for one helmet. The Honda one key system allows to operate the top box by using the ignition key. Top box base, key system and backrest are included.

INNER BAGS FOR PLASTIC LUGGAGE

08L81-MKS-E00

Inner Bag specifically designed to fit the 58 litre Plastic Top Box. It is fully waterproof and equipped with straps which also allow it to be attached directly to the motorcycle and features a shoulder strap for easy carrying.

08L83-MKS-E00

Inner bag designed to comfortably fit both Plastic Panniers. Same specifications as the plastic Top Box Inner bag.

INNER BAGS FOR ALUMINIUM LUGGAGE

08L82-MKS-E00

Inner Bag specifically designed to fit the Aluminium Top Box. It is fully waterproof and equipped with straps which also allow it to be attached directly to the motorcycle with a shoulder strap for easy carrying.

08L84-MKS-E00

Set of two Inner Bags specifically designed to fit both aluminium panniers. Same specifications as the Top Box Inner Bag.

LUGGAGE

INNER BAG FOR 38L TOP BOX

08L75-MJP-651

Black nylon bag with embroidered Honda Wing logo and red zippers. Expandable from 15 to 25 litres and comes with a carrying handle & adjustable shoulder strap.

4.5 LITRE TANK BAG

08L85-MKS-E00

Thanks to its transparent pocket, this waterproof Tank Bag is the perfect solution to store a smartphone and connect it to the USB port of the motorcycle (connectors not included). A one-touch buckle and magnet keeps the Tank Bag firmly attached to the bike.

3 LITRE TANK BAG

08L89-MKS-E00

This light and compact Tank Bag features a transparent pocket and is ideal to store small personal items while riding. Unnoticeable while steering the bike, this Tank Bag is firmly attached thanks to a one-touch buckle and magnet. A rain cover is also included.

COMFORT

LED FRONT FOG LIGHTS

08ESY-MKS-FL20

Set of 2 additional LED headlights with all necessary components for fitment to the Front Side Pipe (Sold Separately). These lights provide increased visibility for the rider and assists in making them more noticeable to surrounding traffic. Operated directly with the handlebar switch and signalled on the TFT monitor when activated.

VISOR SET

08R73-MKS-E20

Specially designed for Adventure Sport models and featuring the CRF logo, these visors improve rider comfort by reducing the travelling air around the rider's arms and shoulders.

DEFLECTOR SET

08R71-MKS-E20

The deflector set improves comfort by reducing traveling air around the rider's waist and knees.

LOW SEAT

08R73-MKS-E00ZA / 08R73-MKS-E00ZB / 08R73-MKS-E00ZC

The Low Seat reduces the seat height by 25mm. Depending on the position selected, the result is a seat height of 825 or 845mm.

Seats are colour matching with the bike:

- 08R73-MKS-E00ZA: Red version
- 08R73-MKS-E00ZB: Tri-colour version (Blue)
- 08R73-MKS-E00ZC: Black version

HIGH SEAT

08R70-MKS-E20ZB / 08R70-MKS-E20ZC

The High Seat increases the seat height by 25mm. Depending on the position selected, the result is a seat height of 875 or 895mm.

Seats are colour matching with the bike:

- 08R70-MKS-E20ZB: Black version
- 08R70-MKS-E20ZC: Red version

COMFORT PILLION PEGS

08R71-MJP-G50

Deluxe pillion footpegs made of aluminium and rubber which are wider than the standard pegs to increase comfort.

PROTECTION

FRONT SIDE PIPE

08ESY-MKS-L2FR

Providing a strong Adventure look, the Front Side Pipe improves the protection of various body panels. Made of stainless steel and finished with electrolytic polishing, it is resistant to corrosion and easy to clean.

ENGINE GUARD

08ESY-MKS-ENG

The Engine Guard improves protection of the engine and the lower part of the bike. Made of stainless steel and finished with electrolytic polishing, it is resistant to corrosion and easy to clean.

RADIATOR GRILLS

08F71-MKS-E00

Made of stainless steel and featuring the CRF logo, the Radiator Grills increase the Africa Twin's tough image. The original mesh pattern combines cooling capability with protection against stone damage to the radiators.

SIDE TANK PADS

08R75-MKS-E20

Featuring a CRF logo, these reinforced pads are specifically designed to fit the shape of the tank. They protect the paint against scratches and give the rider better control when in a standing position.

PROTECTIVE STICKERS

08ZAR-L0D-004CFSP

Improve the protection of the Africa Twin's body and the engine with this set of protective die-cut stickers.

PERFORMANCE & DESIGN

RALLY FOOTPEGS

08R79-MKS-E00

With their aggressive spike shape and a 57% larger surface area than standard, these rally pegs improve control during off-road riding.

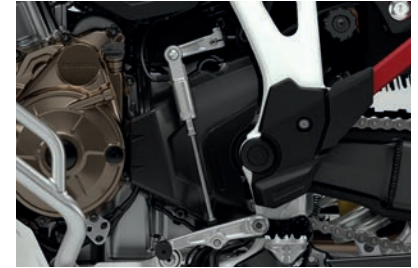

DCT PEDAL SHIFT

08U70-MKS-E50

This kit enables the rider to change gear in the traditional 1 down - 5 up format by using the left foot. It works alongside the handlebar shift triggers giving the rider the choice of using either of them at any moment.

(For DCT Version only).

QUICKSHIFTER

08U70-MLG-E00

The quickshifter enables the rider to change gear without operating the clutch lever or shutting off the throttle. The system works for upshifting and downshifting with Auto-blip functionality, maximising the riding experience.

(For Manual Transmission version only).

58L TOP BOX WITH STICKERS

08MHF-L0D-001GTOP

Improve the design of your Top Box by adding this exclusive sticker kit for Africa Twin. Top Box comes with the sticker kit already applied. (Stickers also available separately).

PLASTIC PANNIERS STICKERS

08MHF-L0D-002GPAN

Improve the design of your panniers by adding this exclusive sticker kit for Africa Twin. Panniers supplied with the stickers already applied. (Stickers also available separately).

SC-PROJECT ADVENTURE MUFFLER

0R24MLEX008 / 0R24MLEX012

The Africa Twin SC-Project Adventure slip-on muffler offers a step up in the riding experience and performance. It improves the exhaust sound and provides an increase in BHP & Torque while also reducing weight.

Available in 2 colour options:

- 0R24MLEX008: Titanium
- 0R24MLEX012: Matt Black

MAIN STAND

08M70-MKS-E01

The Main Stand allows secure parking on a variety of ground surfaces and assists with maintenance operations.

WHEEL STRIPES

08F70-MKS-E20ZE / 08F70-MKS-E20ZD

Available in 2 colours to match the colour scheme of the Adventure Sports, these wheel stripes improve the design and add some protection to the rims. Each set includes 2 pieces for each wheel.

Available Colours:

- 08R70-MKS-E20ZD: Red / Blue / White
- 08R70-MKS-E20ZE: Black / Grey / White

ACCESSORIES

CRF1100L

AFRICA TWIN

Africa Twin reaches new heights

In 2017, the Africa Twin broke the record for the highest altitude reached by a twin-cylinder motorcycle. After 5 days of acclimatisation, a team of 5 riders piloted the Africa Twin onto the slopes of the world's highest active volcano, the Nevado Ojos del Salado – located between Argentina and Chile. Reaching 5,965 metres above sea level, the international team completed its ascent within 24 hours with Africa Twin specially equipped with Termignoni exhaust, revised final sprockets, new Metzeler MC360TM tyres and a range of Honda genuine accessories. Their route took them – in temperatures as low as minus 5 degrees Celsius – through broken asphalt, gravel, mud, sand and finally stretches of ice pockets known as 'penitentes', underlining once again the Africa Twin's credentials as the best-performing off-road motorcycle in its class.

42L ALUMINIUM TOP BOX PACK

08ESY-MKS-LGALU

Made of strong and light aluminium, this 42 Litre top box can accommodate most full-face helmets. It comes equipped as standard with a backrest and Honda 1-Key system alongside the top box base for fitment to the rear carrier.

Maximum load weight: 6 kgs

ALUMINIUM PANNIERS

08ESY-MKS-PNALU

Made of strong and light aluminium, this set includes two panniers offering a capacity of 33 litres on the right side and 37 litres on the left. Includes an Aluminium stay, the Honda 1-Key System and designed to fit directly to the rear carrier of the Africa Twin.

58L PLASTIC TOP BOX

08ESY-MKS-LG1L

With a large capacity of 58 litres, this plastic top box can store up to two full-face helmets and its special lock allows the top box to be operated using the main ignition key. It comes with a pillion backrest and the base to fit directly onto the rear carrier of the Africa Twin.

Also available with specific Africa Twin Graphics. (See design section on Page 26)

PLASTIC PANNIERS

08L71-MKS-E00

Specifically designed for simple installation, this set of 2 panniers are suitable for adventure touring thanks to their highly durable shell. The right-side pannier has a capacity of 30 litres with a 40 litre capacity on the left side. Both panniers are equipped with a security lock and the Honda 1-Key System. Maximum load capacity per pannier: 6 kg

Also available with specific Africa Twin Graphics. (See design section on Page 26).

38L TOP BOX PACK

08ESY-MKS-LG35

38 Litre Top Box made from durable plastic with the Honda 1-Key System allowing the top box to be operated using the main ignition key. Top box base, key system and backrest are all included.

INNER BAGS FOR PLASTIC LUGGAGE

08L81-MKS-E00

Inner Bag specifically designed to fit the 58 litre Plastic Top Box. It is fully waterproof and equipped with straps which also allow it to be attached directly to the motorcycle and features a shoulder strap for easy carrying.

08L83-MKS-E00

Inner bag designed to comfortably fit both Plastic Panniers. Same specifications as the plastic Top Box Inner bag.

INNER BAGS FOR ALUMINIUM LUGGAGE

08L82-MKS-E00

Inner Bag specifically designed to fit the Aluminium Top Box. It is fully waterproof and equipped with straps which also allow it to be attached directly to the motorcycle with a shoulder strap for easy carrying.

08L84-MKS-E00

Set of two Inner Bags specifically designed to fit both aluminium panniers. Same specifications as the Top Box Inner Bag.

LUGGAGE

Available colours:

- 08P72-MKS-E00ZC: Black version
- 08P72-MKS-E00ZD: Red version

PROTECTIVE STICKER SET

08ZAR-L0D-003CFSP

Improve the protection of the body and the engine parts with this set of die-cut stickers.

Africa Twin

COMFORT

LED FRONT FOG LIGHTS

08ESY-MKS-FL20

Set of 2 additional LED headlights with all necessary components for fitment to the Front Side Pipe (Sold Separately). These lights provide increased visibility for the rider and assists in making them more noticeable to surrounding traffic. Operated directly with the handlebar switch and signalled on the TFT monitor when activated.

HEATED GRIPS

08T72-MKS-E01

The heated grips feature 5 temperature levels and the TFT screen updates to show when they are in use. When the ignition is switched off their most recent setting is memorised and an integrated circuit protects the battery from draining.

12V SOCKET

08U70-MKS-E00

Installed on the control panel, this 12V Socket is ideal to power or charge electrical equipment.

HIGH WINDSCREEN

08R76-MKS-E00

Taller than the standard screen by 175 mm, the High Windscreen improves the rider's comfort by reducing the airflow around the head and arms. It directly replaces the standard windscreen and comes with a meter visor included.

VISOR SET

08R78-MKS-E00

The visors improve the rider's comfort by reducing airflow pressure around the arms and shoulders.

DEFLECTOR SET

08R72-MKS-E00

The deflectors improve comfort by reducing travelling air around the rider's waist and knees while funnelling the warm air emitted by the radiators.

LOW SEAT

08R73-MKS-E00ZA / 08R73-MKS-E00ZB / 08R73-MKS-E00ZC

The Low Seat reduces the seat height by 25mm. Depending on the position selected, the result is an seat height of 825 or 845mm.

Seats are colour matching with the bike:

- 08R73-MKS-E00ZA: Red version
- 08R73-MKS-E00ZB: Tri-colour version (Blue)
- 08R73-MKS-E00ZC: Black version

HIGH SEAT

08R70-MKS-E20ZB / 08R70-MKS-E20ZC

The High Seats increase the seat height by 25mm. Depending on the position selected, the result is a seat height of 875 or 895mm.

Seats are colour matching with the bike:

- 08R70-MKS-E20ZB: Black version
- 08R70-MKS-E20ZC: Red version

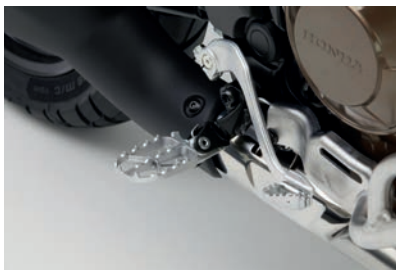

COMFORT PILLION PEGS

08R71-MJP-G50

Deluxe pillion footpegs made of aluminium and rubber which are wider than the standard pegs to increase comfort.

PERFORMANCE & DESIGN

RALLY FOOTPEGS

08R79-MKS-E00

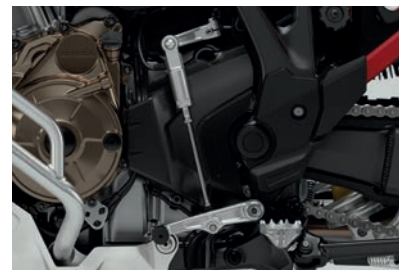

With their aggressive spike shape and a 57% larger surface area than standard, these rally pegs improve control during off-road riding.

DCT PEDAL SHIFT

08U70-MKS-E50

This kit enables the rider to change gear in the traditional 1 down - 5 up format by using the left foot. It works alongside the handlebar shift triggers giving the rider the choice of using either of them at any moment. (For DCT Version only).

QUICKSHIFTER

08U70-MLG-E00

The quickshifter enables the rider to change gear without operating the clutch lever or shutting off the throttle. The system works for upshifting and downshifting with Auto-blip functionality, maximising the riding experience.

(For Manual Transmission version only).

58L TOP BOX WITH STICKERS

08MHF-L0D-001GTOP

Improve the design of your Top Box by adding this exclusive sticker kit for Africa Twin. Top Box comes with the sticker kit already applied. (Stickers also available separately).

PLASTIC PANNIERS WITH STICKERS

08MHF-L0D-002GPAN

Improve the design of your panniers by adding this exclusive sticker kit for Africa Twin. Panniers supplied with the stickers already applied. (Stickers also available separately).

SC-PROJECT ADVENTURE MUFFLER

0R24MLEX008 / 0R24MLEX012

The Africa Twin SC-Project Adventure slip-on muffler offers a step up in the riding experience and performance. It improves the exhaust sound and provides an increase in BHP & Torque while also reducing weight.

Available in 2 colour options:

- 0R24MLEX008: Titanium
- 0R24MLEX012: Matt Black

SMOKED WINDSCREEN

08R70-MKS-E00

Add a touch of style to your Africa Twin with the smoked windscreen screen that directly replaces the standard one (same shape and size).

WHEEL STRIPES

08F70-MKS-E00ZD / 08F70-MKS-E40ZA

Available in 2 colours to match the colour scheme of the Africa Twin, these wheel stripes improve the design and add some protection to the rims. Each set includes 2 pieces for each wheel.

Recommended application:

- For Red or Black versions: E00ZD
- For Tri-colour version: E40ZA

MAIN STAND

08M70-MKS-E01

The Main Stand allows secure parking on a variety of ground surfaces and assists with maintenance operations.

 **TRANSALP**

ACCESSORIES

XL750 TRANSALP

The original Transalp

The original Transalp, introduced in 1986 with a 583cc V-Twin engine, is something of a legend. As testament to the sheer quality of its build and timelessness of its design, many can still be seen on Europe's roads today.

This is just what the new XL750 Transalp is built to do, a legend of adventure touring is thus reborn.

PROTECTION

ENGINE GUARD 08ESY-MLC-ENG

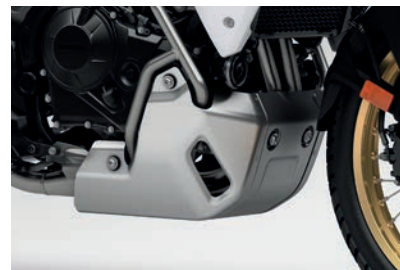

The Engine Guard protects the engine from impact damage, while providing an enhanced adventure appearance to the Transalp. Made of stainless steel and finished with electrolytic polishing, it is resistant to corrosion and easy to clean.

FRONT SIDE PIPE 08P72-MLC-D00

The steel side pipes act to reduce impact damage to the fairings while providing an enhanced adventure look.

Guard Attachment 08P74-MLC-D00 required sold separately.

SKID PLATE 08P71-MLC-D00

The skid plate consists of a 2.5 mm thick aluminum plate with excellent strength and corrosion resistance. It is designed to protect the lower engine area such as the oil filter and the exhaust pipes. Shaped to fit perfectly with alongside the engine guard for a compact adventure appearance.

RADIATOR GRILL 08F74-MLC-D00

Radiator Grill featuring the Transalp logo and made from stainless steel. Constructed with an original mesh pattern combining cooling capability with a protective function to reduce potential damage to the radiator from stones or debris.

EXTENDED KNUCKLE GUARDS

08ESY-MLC-KNGZB / 08ESY-MLC-KNGZC

The Knuckle Guards improve comfort by protecting the rider's hands from weather and wind.

Available in 2 colours:

- White - 08ESY-MLC-KNGZB
- Black - 08ESY-MLC-KNGZC

TANK SIDE STICKERS

08P70-MLC-D00ZA / 08P70-MLC-D00ZB / 08P70-MLC-D00ZC

These tank side stickers feature the Transalp logo with a special surface treatment to make them resistant to scratches and stone chips. Their flexible construction makes them easy to install onto the tank surface.

Available in 3 colours:

- Dark Blue - 08P70-MLC-D00ZA
- Grey - 08P70-MLC-D00ZB
- Black - 08P70-MLC-D00ZC

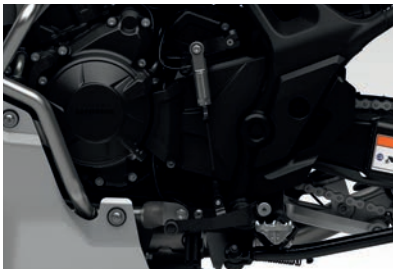

PERFORMANCE

RALLY PEGS

08R79-MKS-E00

With their aggressive spike shape and a surface 57% larger than the standard ones, the Rally pegs improve rider control during off-road riding.

QUICKSHIFTER

08U70-MLC-D00

The Quickshifter clutchless up & down shifts with auto blipper function. Allows smooth and instant shifting for spirited riding and also for touring. Features adjustable operation load in three stages.

TRANSALP

DESIGN & MAINTENANCE

WHEEL STRIPES

08F73-MLC-D00ZA / 08F73-MLC-D00ZB

These colour-matching wheel stripes featuring the Transalp logo, increase the add to the design of the wheels while also offering some protection to the rims. The kit includes 2 stripes per wheel side. Available in 2 colours:

- Tri-colour - 08F73-MLC-D00ZA
- Grey - 08F73-MLC-D00ZB

MAIN STAND

08M70-MLC-D00

The Main Stand allows secure parking on a variety of ground surfaces and assists with maintenance operations or long-term storage.

LUGGAGE

50L TOP BOX

08ESY-MLC-TB50

With a large capacity of 50L, this plastic top box can accommodate up to two full face helmets. The Honda one key system allows the rider operate the top box using the main ignition key.

PANNIER SET

08ESY-MLC-PNAL

Set of 2 panniers with a 26L capacity on the right side and 33L on the left. The Honda one key system allows to the rider to operate the panniers using the main ignition key.

TANK BAG

08LB9-MKS-E00

This light and compact 3 Litre Tank Bag features a transparent pocket and is ideal for storing smaller items while riding. The Tank Bag is firmly attached thanks to a one touch buckle and a magnet with a rain cover also included.

TOP BOX BACKREST

08R74-MLF-E00ZA

Designed to match the 50L Top Box, this backrest is made to enhance pillion comfort and reduce the fatigue on long rides.

PANNIER INNER BAGS

08L78-MKT-D00

Set of 2 inner bags to perfectly match the shape of the panniers. Available in black with a discrete Honda branding, they also come with a shoulder strap for easy carrying.

25L INNER BAG FOR TOP BOX

08L77-MKT-D00

The Top Box inner bag provides a 25L capacity storage and is easy to carry thanks to its include shoulder strap.

COMFORT

HEATED GRIPS

08T70-MLC-D00

Extremely slim heated grips focusing on the area of the hands most sensitive to cold with a 5-level integrated controller for maximum rider comfort. Operated with a handlebar switch, the TFT monitor displays the temperature adjustment level and integrated circuit protects the battery from draining. The last level selected is memorised when the ignition is switched off.

FRONT FOG LIGHTS

08ESY-MLC-FFL

Set of 2 additional front LED headlights with all necessary components for the fitment to the front side pipe (not included). They help to increase the visibility for the rider while also making them more noticeable for the surrounding traffic. Operated directly with a handlebar switch and signalled on the TFT monitor when activated.

COMFORT PILLION PEGS

08R71-MJP-650

Deluxe pillion footpegs made of aluminium and rubber that are wider than the standard pegs for increased comfort.

DEFLECTOR SET

08ESY-MLC-DFL

Wind and weather protection are enhanced by the deflectors set, which improve the ride comfort by reducing traveling air around the rider's arms, chest and shoulders.

HIGH WINDSCREEN

08R73-MLC-D00

The height of the normal screen is increased by 75mm for this accessory High Windscreen, which increases rider and pillion comfort by maximising wind and weather protection. The tall screen is a direct replacement of the standard screen with no additional hardware required.

12V SOCKET

08U71-MKK-D00

Power or charge electrical equipment using this convenient 12V Socket (Provides 2A).

LOW SEAT

08R74-MLC-D00ZB

The Low Seat is 20 mm lower than the standard seat for improved rider stability.

ACCESSORIES

X-ADV

Tougher than the rest!

During the 2019 Gibraltar Race, a 4,000 mile all-terrain rally from Baltic Sea to Atlantic Ocean, Renato Zocchi steered an X-ADV to the Class 2 victory. This placed him in seventh overall for the event, beating out the competition of purpose-built dirt bikes and adventure tourers. While his X-ADV was specially prepared with extra wheel travel and ground clearance, Zocchi kept the standard foot plates and simply used 'Gravel' mode on the DCT settings.

Further proof that no matter where you want to go, the X-ADV is tougher than the rest to get you there!

PANNIER SET

08ESY-MKT-PNA

Set of 2 panniers with a 26 litre capacity on the right side and 33 litres on the left. The Honda 1-Key System allows the panniers to be operated using the main motorcycle key. Rear carrier and (Aluminium Panels sold separately.)

ALUMINIUM PANELS FOR PANNIERS

08L80-MKT-D00

Give your panniers the final touch with these Aluminium design panels (panniers sold separately).

PANNIER INNER BAGS

08L78-MKT-D00

Set of two inner bags that perfectly match the shape of the X-ADV panniers. Available in black with a discrete Honda logo, the inner bags also come with a shoulder strap making them easy to carry.

50L SMART TOPBOX

08ESY-MKT-STB50

50 Litre Top Box with SMART opening system allows the top box to be operated without having to insert a key. The built-in key cylinder can be used to lock the top box even when it's removed from the carrier. A backrest is included to improve pillion comfort. (Rear carrier and Aluminium Panel sold separately.)

ALUMINIUM PANEL FOR TOP BOX

08L83-MKT-D00

Give your 50 litre Top Box the final touch with this Aluminium design panel (top box sold separately).

ALUMINIUM REAR CARRIER

08L74-MKT-D00ZC

Rear Carrier with integrated grips for improved pillion comfort. Suitable for all sizes of top box. Maximum load capacity: 10 kg

38L TOP BOX

08ESY-MKT-TB350K

38 Litre Top Box made from durable plastic with the Honda 1-Key System allowing the top box to be operated using the main ignition key. Rear Carrier, Backrest (08F00-MJP-G50) & Inner Bag (08L75-MJP-G51) not included.

50L TOP BOX INNER BAG

08L81-MKS-E00

Inner Bag specifically designed to fit the 50 litre Top Box. Made from waterproof material and equipped with straps that also allow it to be attached directly to your X-ADV. A shoulder strap is also provided allowing the bag to be carried easily.

25L TOP BOX INNER BAG

08L77-MKT-D00

Top Box inner bag providing 25 litres of storage capacity and featuring the Honda logo. Easy to carry thanks to the provided shoulder strap.

CONSOLE BAG

08L79-MKT-D00

Perfectly fitting the space between the rider's knees, this Black 9 litre Console Bag is ideal for carrying your everyday essentials and features a convenient slot at the front for smartphone wires. A rain cover is also included.

COMFORT

LED FRONT FOG LIGHTS

08ESY-MKT-FL21

These two additional LED Fog Lights provide increased visibility for the rider and helps make them more noticeable to surrounding traffic. Operated with the left handlebar switch, a signal appears on the TFT monitor when the lights are switched on. Must be mounted to the Front Side Pipe (Sold Separately).

LEG DEFLECTORS

08R71-MKT-D00

Featuring the X-ADV logo, the deflector set improves rider comfort by reducing air flow around the waist and thigh areas.

HEATED GRIPS

08T71-MKT-D00

Adjustable Heated grips featuring 5 temperature levels with the selected setting is displayed on the TFT monitor. When the ignition is switched off the most recent position is memorised and an integrated circuit protects the battery from draining.

FRONT SIDE PIPES

08P70-MKH-D00

Set of silver Side Pipes that protect the X-ADV's bodywork and provide a mount for the Front Fog Lights (sold separately).

RIDER FOOTPEGS

08R72-MKT-D00

Improve your control while riding and give your X-ADV the ultimate Adventure look with these Aluminium Rider Footpegs.

KNUCKLE GUARD EXTENSIONS

08P72-MKS-E00ZC

Fitted to the standard knuckle guards, these extensions provide additional protection and comfort by reducing the airflow around the hands.

DESIGN

PARKING LEVER

08F70-MKT-D00

With its Anodised Black treatment, this Aluminium Parking Lever will help your X-ADV to stand out.

PARKING LEVER COVER

08F72-MKT-D00

Perfectly matching the aluminium lever, this lever cover will give your X-ADV a distinctive touch.

21YM location shown

ALUMINIUM HANDLEBAR HOLDER

08F71-MKT-D00

Aluminium Handlebar holder featuring the X-ADV logo that reinforces the premium aspect of your X-ADV.

LATERAL COVERS

08F75-MKT-D00

Stainless steel covers that protect body panels from damage while maximising the premium appearance of X-ADV.

FLOOR PANELS

08F70-MKH-D00

Made of stainless steel with anti-slip pads and featuring the X-ADV logo, these floor panels will add to the durability of your X-ADV.

ACCESSORIES

NC750X

Do you really need a left lever to enjoy riding?

The Dual Clutch Transmission made its worldwide debut for motorbikes in 2010 with the Honda VFR1200F. Now entering its 3rd generation and downsized to suit mid-displacement bikes, the DCT is completely different from the belt-type transmissions used by most scooters: it is structurally a conventional 6-speed gear ratio transmission, yet electronically controlled when changing speeds. Keep the fun of a manual transmission, enjoy the comfort of an automatic one!

TOP BOX BACKREST

08F00-MJP-650

Designed to match the 35 litre Top Box, this backrest is produced with pillion comfort in mind and can be fitted easily with no drilling required. (Top Box sold separately).

SECURITY & MAINTENANCE

MAIN STAND

08M70-MKW-000

The Main Stand allows secure parking on a variety of ground surfaces and assists with maintenance operations.

U-LOCK 123/217

08M53-MEE-800

U-Lock with tamper-resistant barrel key.

COMFORT

HIGH WINDSCREEN

08R70-MKW-D00

The High Windscreen is 77mm higher than the standard screen and reduces the air around the rider's head and arms. Made of strong clear polycarbonate, it is a direct replacement for the standard screen.

HEATED GRIPS

08T70-MKW-D00

Extremely slim heated grips with smart heat allocation and a 5-level controller for maximum comfort. The last level selected is memorised when the bike's ignition is switched off and an integrated circuit protects the battery from draining.

FOOT DEFLECTORS (DCT)

08R70-MKW-D10

This set of Deflectors improves comfort by reducing the air pressure felt by the rider.

Manual version also available (08R71-MKW-D00)

FRONT SIDE PIPE

08P71-MKW-D00

The Front Side Pipe provides protection to exterior panels in case of contact and enhances the tough adventure styling of the NC750X. Required to fit the Front Fog Lights (sold separately).

LED FRONT FOG LIGHTS

08E5Y-MKW-FL21

This set of two LED Fog lights increases rider visibility and makes the rider more noticeable to surrounding traffic. Must be combined with the Front Side Pipe (Sold Separately).

USB CHARGER

08E73-MKW-D00

Conveniently located in the luggage compartment, this Type-C USB charger provides 15W and allows you to power your electronic devices.

The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your Dealer for details regarding the specifications of any featured product. This publication shall not constitute – under any circumstances whatsoever – an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please contact your local dealer for information and specifications. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You accept that if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you did so entirely in reliance on your own skill and judgement and not on that of anyone else.

RIDE WITH STYLE Read the owner's manual thoroughly. Get to know your machine and its capabilities. Concentration assists anticipation. Observe other road users' movements. Brake in plenty of time. Always wear a helmet and quality kit, ride fit and NEVER after drinking alcohol. Good roadcraft and courtesy identify the skilled and stylish rider. Honda endorse the law that all helmet visors must comply with BS 4110. Visors that transmit less than 50% of visible light cannot legally be used on the road.

Third Party Accessories: Please read carefully before purchase of Third Party Accessories. These are to be differentiated from Honda Genuine parts. The manufacturer and distributor of each Third Party Accessory guarantees and provides warranty for the function, performance, and quality of their individual terms. Therefore Honda will not take any responsibility in case of any malfunctions to the vehicle due to fitment or usage of Third Party Accessories. If the Third Party Accessories cause any defects to the vehicle itself, it is not possible to receive warranty or service for the vehicle. The attachment of Third Party Accessories must be done in compliance with the laws and regulations. Third Party Accessories must be correctly attached and used upon confirming the safety of the vehicle, under the responsibility of the vehicle owner/user. When attaching Third Party Accessories, please read the Instruction Manual and attach correctly. When riding the vehicle please make sure to conduct inspection beforehand, as well as regular maintenance checks. Third Party Accessories should be attached correctly only to specified vehicles and specified parts on the vehicle. By attaching Third Party Accessories, engine characteristics or drivability could be affected significantly. If you experience any abnormalities during the ride, please stop immediately and conduct inspection at a dealership. Prices are Suggested Retail Price for reference only. Actual sales price are defined at each dealership. The specifications and price of Third Party Accessories are liable to change without advance notice. Also they may require additional time for delivery or could be discontinued without advance notice.
